

## Staffing Ratios Vary Greatly

According to a one-question survey that was open for two weeks in June 2006, the ratio of HR professionals to the number of employees varies greatly. The survey was completed by 265 people who reported the following ratios:

Number of HR Professionals per number of Employees	Responses
1 HR Professional Per 1-25 Employees	2%
1 HR Professional Per 26-50 Employees	5%
1 HR Professional Per 51-75 Employees	12%
1 HR Professional Per 76-100 Employees	17%
1 HR Professional Per 101-125 Employees	15%
1 HR Professional Per 126-150 Employees	12%
1 HR Professional Per 151-175 Employees	8%
1 HR Professional Per 176-200 Employees	8%
1 HR Professional Per 201-225 Employees	2%
1 HR Professional Per 226-250 Employees	5%
1 HR Professional Per 251-275 Employees	3%
1 HR Professional Per 276-300 Employees	8%
Other	5%
